

Item No.: LM6210

## Digital dual trace storage oscilloscope w. colour display, incl. probes 30 MHz

Digital storage oscilloscope with colour LCD display, high resolution, backlighting and USB port for transmission of large quantities of data at high data rates.

Technical data:

- Bandwidth 30 MHz/125 MS/s
- Maximum input voltage 400 V
- 8" TFT colour display
- USB port, USB flash disk, LAN, VGA
- Cursor function
- Five automatic measurement functions, storage and retrieval of traces
- Edge and video trigger function
- Safety specifications: EN 61010-1
- Supplied with accessories: 2 probes, mains lead, USB cable, software CD
- Power supply: 100 - 240 V AC, 50/60 Hz, CAT II
- Dimensions: 350x157x120 mm (WxHxD)
- Weight: 1.0 kg
